EDUCATION

duPont Manual High School — *Math, Science, and Technology magnet* Class of 2017

Northeastern University Honor's Program — *Computer Science* Class of 2022

- Programming Experience: Four years of Android Development, one year of React Native Development.
- GPA: 4.05; ACT composite: 35
- AP BC Calculus; AP Algebra Based Physics, AP Computer Science

WORK EXPERIENCE

Thistle — *Software Engineer Intern and Part-time consultant (San Francisco)* June 2017 - Current

- Worked on a team of software engineers to build a user-friendly app for managing user content
- Engaged in daily stand-ups, weekly meetings with marketing and UI teams, and monthly updates to CEOs on progress.
- Pushed version 1.0 to users on September 26, 2017.
- Used React Native and JavaScript for cross-platform application development.

Mellow Mushroom — *Delivery Driver* July 2016 - March 2017

- Delivered multiple pizzas per run: promptly, accurately, and professionally.
- Drove safely and followed road regulations; zero driving incidents on record.

Test Preparation Tutoring — *Tutor* June 2016 - present

- Tutored students in math concepts like geometry, algebra, and trig, to prepare them for the ACT and SAT.

Information Technology Consultant — *Technical Support* April 2015 - present

- Provided personalized technical support to SelfSeekHypnosis (Louisville, KY).
- Set up email accounts, computer programs, and online services; answered questions and wrote help documents.

AWARDS AND ACHIEVEMENTS

Application Development for Science Fair — *Android, Java, Matlab, AWS*

- 1st place Regional Science Fair — 2nd place State Science Fair — 3rd place KJSHS
- Developed a low-cost 3D printed electronic stethoscope that connects to an Android application and allows medical workers to perform full cardiac auscultations. Using machine learning and neural networking to achieve a 96 percent accuracy rate, which is the highest accuracy rate of any algorithm on the data set used.
- International Science and Engineering Fair (ISEF) Finalist

Independent Published Applications — *Android*

- Three applications currently published to the Google Play Store.
- 12,000 downloads total.
- Average of 4.21 / 5.00 stars across the three applications.
- Visit <http://www.ryanfolz.com> for a complete list of independent projects

National Merit Finalist

TECHNICAL SKILLS

Languages and Notations	Java, JavaScript, SQL, C, C++, HTML, XML, JSON (through APIs)
Technologies	Android Studio, Firebase, React Native, Eclipse, AWS, Matlab, Git
Hobbies	Climbing, Producing Electronic Dance Music, Soccer, Ballroom Dancing
